CULTURE MAKING (EXPANDED EDITION)

RECOVERING OUR CREATIVE CALLING

For too long, Christians have had an insufficient view of culture and have waged misguided “culture wars.” But Andy Crouch says we must reclaim the cultural mandate to be the creative cultivators God designed us to be. Culture is what we make of the world, both in making cultural artifacts as well as in making sense of the world around us.

In this expanded edition of his award-winning book Crouch unpacks the complexities of how culture works, the dynamics of cultural change, and tools for cultivating culture. Keen biblical exposition demonstrates that creating culture is central to the whole scriptural narrative, the ministry of Jesus, and the call to the church. With a conversation between Crouch and Tish Harrison Warren as the new afterword, this expanded edition addresses the current landscape and forges a way for the future of culture making. Enter into it with guided questions for reflection and discussion for a deeper experience.

.....
“Culture Making is one of the few books taking the discussion about Christianity and culture to a new level. It is a rare mix of the theoretical and the practical, its definitions are nuanced but not abstract, and it strikes all kinds of fine balances. I highly recommend it.”

TIM KELLER, founding pastor of Redeemer Presbyterian Church and author of *The Reason for God*

“Good books are either brilliant or helpful, but the best books are both—and Andy Crouch has attained that rare combination of virtues in Culture Making. . . [this book] is a joyful gift of intelligence and practical provocation for thoughtful Christians.”

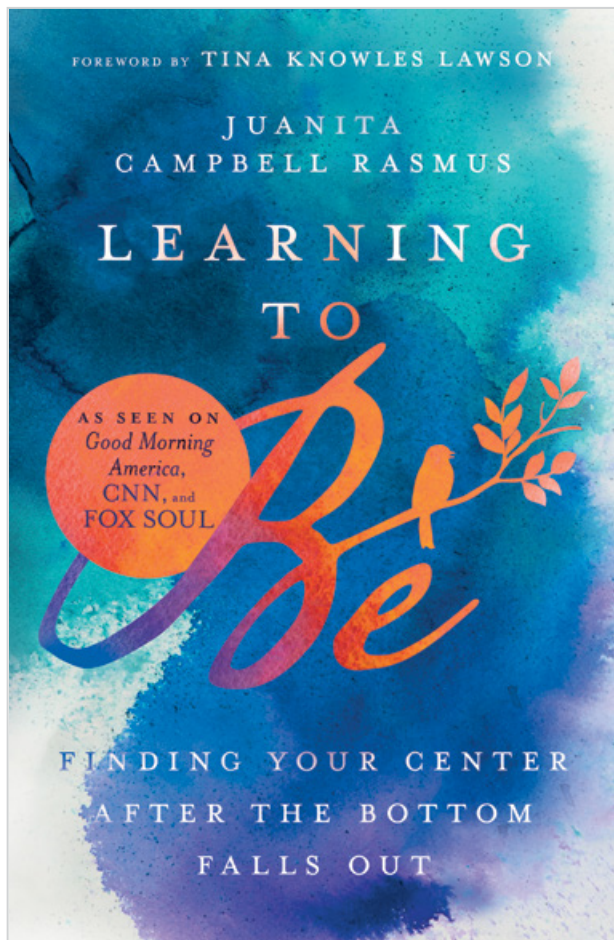

GARY HAUGEN, president of International Justice Mission and author of *Good News About Injustice*

“Andy Crouch’s edifying analysis of culture and the church and his timely call for us to be culture makers make this work invaluable in today’s faith journey. This is a groundbreaking guidebook for all who are concerned about cultural issues and the church.”

MAKOTO FUJIMURA, artist and founder of International Arts Movement

ANDY CROUCH is partner for theology and culture at Praxis, an organization that works as a creative engine for redemptive entrepreneurship, and he is the author of several books. Andy serves on the governing boards of Fuller Theological Seminary, the Council for Christian Colleges and Universities, and InterVarsity Christian Fellowship.

LEARNING TO BE

FINDING YOUR CENTER AFTER THE BOTTOM FALLS OUT

It felt as though every nerve in my body was popping. Imagine large strong hands slowly applying pressure while breaking a family-size package of uncooked, dry spaghetti. I was the spaghetti. Breaking down one piece at a time.

This is how Juanita Rasmus begins the wise, frank, and witty account of what she later called “The Crash” and what her counselor labeled “a major depressive episode.” This experience landed Juanita, a busy pastor, mother, and community leader, in bed. In addition to exhaustion and depression, on the spiritual front she experienced a dark night of the soul. When everything in her life finally came to a stop, she found that she had to learn to be—with herself and with God—all over again.

Pastor Juanita writes from her life with kind attention to the life of the reader. She offers both practical and spiritual insights but never pat answers. If you are longing for a trustworthy companion through dark days, this book is here for you. Each chapter includes life-giving spiritual practices to help you discover your own new ways of being.

“This is a book of genuine substance dealing with the most heart-wrenching needs of the human soul. Learning to Be is an essential resource for every person seeking to navigate life in contemporary culture. I recommend it highly.”

RICHARD J. FOSTER, author of *Celebration of Discipline*

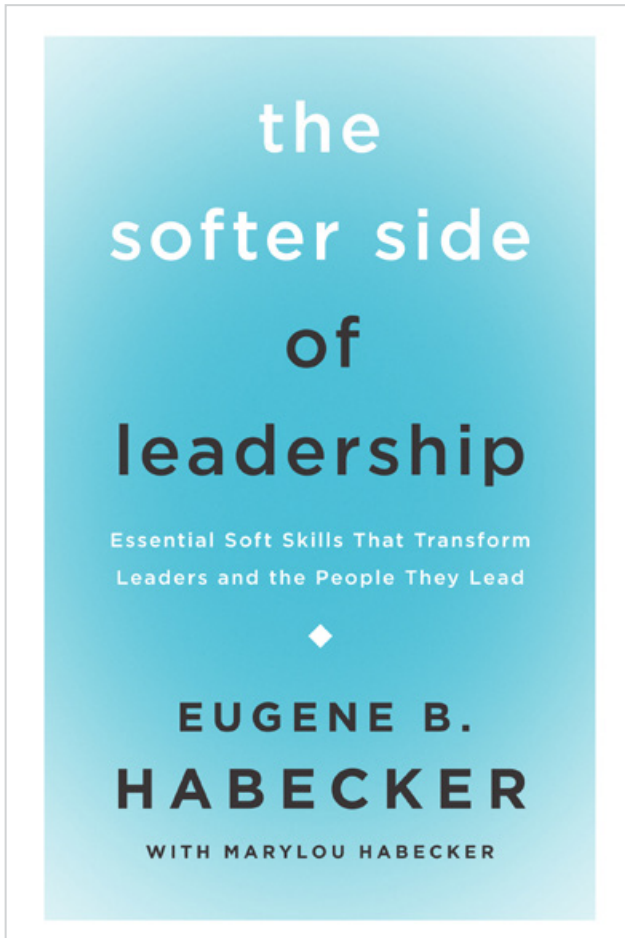

“In her candid reflection [Rasmus] creates a psycho/spiritual worldview that is a resource for us all. This is a must-read for all who seek to find a faith that is both practical and functional, a nonsentimental spirituality.”

J. PITTMAN MCGHEE, Episcopal priest and author of *The Paradox of Love*

JUANITA CAMPBELL RASMUS

cofounded Bread of Life Inc. with her husband, Rudy. Together they previously copastored St. John’s United Methodist Church in downtown Houston. Juanita has also served as a member of the board of directors of Renovaré. She most recently teamed up with Tina Knowles Lawson and Beyoncé to help forty thousand flood victims recover in the wake of Hurricane Harvey in Houston.

THE SOFTER SIDE OF LEADERSHIP

ESSENTIAL SOFT SKILLS THAT TRANSFORM LEADERS AND THE PEOPLE THEY LEAD

Many who lead or who aspire to lead rightly champion the importance of hard skills, or quantitative and analytical skills. Knowing the numbers and implementing the right strategies are important but no longer enough to be an effective leader. Indeed, soft skills are now on the scene.

In *The Softer Side of Leadership*, Habecker, who spent thirty-five consecutive years as a CEO of two universities and one large NYC nonprofit, makes the case for the integration of soft skills, like emotional intelligence and character quality. He shares that these should be woven into every aspect of the leader's personal life and organizational agenda. Habecker draws from his own experience, that of other international colleagues and popular leadership literature, and from the Scriptures. As you develop your soft skill competencies, including new behaviors and disciplines, and combine them with hard skill competencies, you will be better equipped to be more effective as a leader. Join Habecker in building healthier professional and personal lives and healthier organizations.

GENE AND MARYLOU

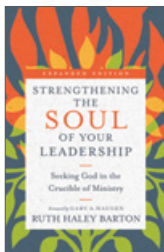

HABECKER have spent thirty-five years in leadership roles, Gene in president/CEO roles and Marylou in varied ministry roles.

He is an author, speaker, and educator and holds degrees from Taylor University (BA),

Ball State University (MA), University of Michigan (PhD), and Temple University (JD). He is also a graduate of the Harvard University Institute for Educational Management (IEM). Marylou is an educator, writer, speaker, and artist, and holds degrees from Taylor University (BS and LHD) and Ball State University (MAE). LAST CALL FOR LIBERTY

HOW AMERICA'S GENIUS FOR FREEDOM HAS BECOME ITS GREATEST THREAT

The hour is critical. The American republic is suffering its gravest crisis since the Civil War. Conflicts, hostility, and incivility now threaten to tear the country apart. Competing visions have led to a dangerous moment of cultural self-destruction. This is no longer politics as usual but an era of political warfare where our enemies are not foreign adversaries but our fellow citizens.

Yet the roots of the crisis are deeper than many realize. Os Guinness argues that we face a fundamental crisis of freedom, as America's genius for freedom has become her Achilles' heel. Our society's conflicts are rooted in two rival views of freedom, one embodied in "1776" and the ideals of the American Revolution, and the other in "1789" and the ideals of the French Revolution. Once again America has become a house divided, and Americans must make up their minds as to which freedom to follow. Will the constitutional republic be restored or replaced?

In the tradition of Alexis de Tocqueville, Guinness provides a visitor's careful observation of the American experiment. Discover here a stirring vision for faithful citizenship and renewed responsibility for not only the nation but also the watching world.

"A timely and important book from one of the most insightful observers of American society and politics. . . . Sobering without being gloomy. Inspiring without being glib."

PETER FEAVER, Duke University

"If you care about the future of America—no matter where you are on the political spectrum—then do yourself a favor and read this book."

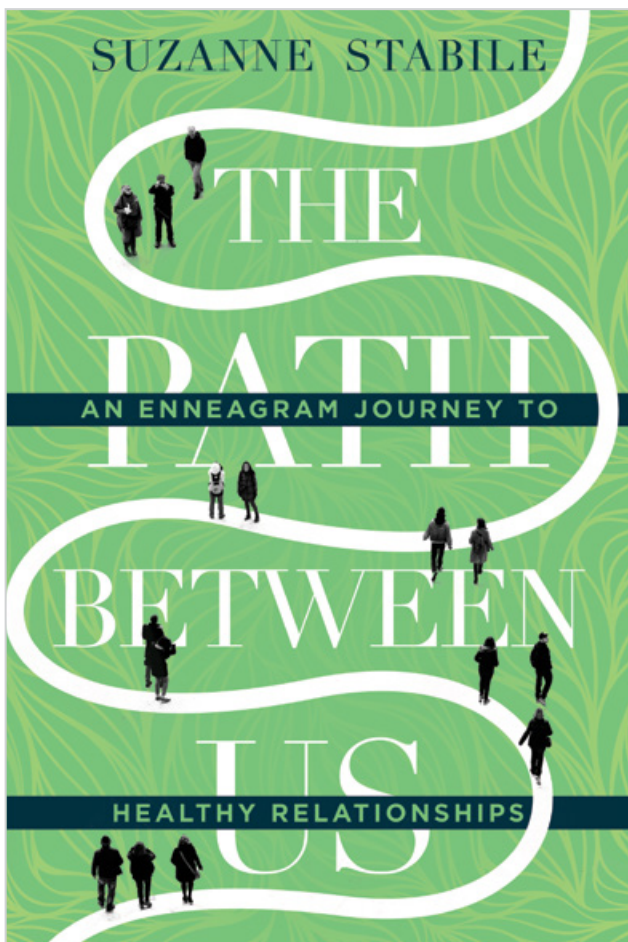

JOHN BRANDON, former vice president of international, Apple Inc.

"Os Guinness has gifted us magnificently with the insights and understanding of a lifetime in this book, which really needs to be read—urgently—across the length and breadth of the world."

JOHN ANDERSON, former deputy prime minister of Australia

OS GUINNESS is the author or editor of more than thirty-five books, including *The Dust of Death*, *The Magna Carta of Humanity*, *Unspeakable*, and *Time for Truth*. He is the founder of the Trinity Forum, a prominent social critic, and a frequent speaker who has addressed audiences worldwide.

THE PATH BETWEEN US
 AN ENNEAGRAM JOURNEY TO HEALTHY RELATIONSHIPS

Most of us have no idea how others see or process their experiences. And that can make relationships hard, whether with intimate partners, with friends, or in our professional lives. Understanding the motivations and dynamics of these different personality types can be the key that unlocks sometimes mystifying behavior in others—and in ourselves.

This book from Suzanne Stabile on the nine Enneagram types and how they behave and experience relationships will guide readers into deeper insights about themselves, their types, and others’ personalities so that they can have healthier, more life-giving relationships. No one is better equipped than Suzanne Stabile, coauthor, with Ian Morgan Cron, of *The Road Back to You*, to share the Enneagram’s wisdom on how relationships work—or don’t. Her generous, sometimes humorous, and always insightful approach reveals why all the types behave as they do. This book offers help in fostering more loving, mature, and compassionate relationships with everyone in our lives.

.....
“Suzanne has been a priceless source of wisdom in my life for many years. She is without question the best Enneagram teacher out there.”

RICHARD ROHR, Center for Action and Contemplation,
 Albuquerque, New Mexico

“The Path Between Us helps the reader understand the sometimes complex interplay between Enneagram types. As a person who has long studied and tried to apply the Enneagram to my own relationships, this book is indeed the best guide I have found on the subject.”

THE MAGNIFICENT STORY

UNCOVERING A GOSPEL OF BEAUTY, GOODNESS, AND TRUTH

What is the story you have been told about the gospel? About God? About the Christian life? About Jesus? About the cross? About yourself? About heaven?

Your answers to these questions will form a story that will determine how your life will go. The answers reveal your ability to trust, to love, to hope—and even your capacity for joy. Any story worth giving the power to shape our lives must pass a simple test: Is it beautiful, good, and true? If it is, then it is a magnificent story—and that is where transformation takes place.

This spiritual formation resource is meant to help both individuals and groups understand the magnificent story of Christ in their lives. The field-tested material within includes spiritual practices at the end of each chapter and a group discussion guide.

Uncover the true story of beauty, goodness, and truth that will satisfy the ultimate longings of your heart.

EPIPHANY

THE SEASON OF GLORY

“We have beheld his glory, glory as of the only Son from the Father.”

This line from the prologue of the Gospel of John declares the theme of Epiphany. Christmas celebrates Christ’s birth; Epiphany manifests his glory.

The feast of Epiphany and its following season are not as well observed as they should be. Many of us associate Epiphany with the visit of the Magi but don’t know much more about it. In this short volume, priest and theologian Fleming Rutledge expounds the primary biblical texts and narrative arc of the season, inviting us to discover anew “the glory of God in the face of Jesus Christ.”

.....

“This book isn’t just about Epiphany; it is filled with epiphanies. In the way only she can, Fleming Rutledge points us anew to the glory of Christ with insight after insight. Thanks to this book, even this low-church evangelical will mark Epiphany this year and, more importantly, will be reminded all year of the way God speaks to us in both the mysterious and the ordinary.”

RUSSELL MOORE, editor in chief of Christianity Today

“Written with joyful urgency yet patient wisdom, this book should be required reading for pastors seeking to recover the wonder of Epiphany. Veterans and newcomers to celebrating the liturgical year will find a treasure of biblical and theological insight in this succinct yet potent work.”

J. TODD BILLINGS, Western Theological Seminary

“There is no one better to introduce the little-understood church season of Epiphany than Fleming Rutledge. This book is a gift—not only for those who belong to traditions that closely observe the church calendar but also for those who may not.”

KIMLYN BENDER, George W. Truett Theological Seminary, Baylor University

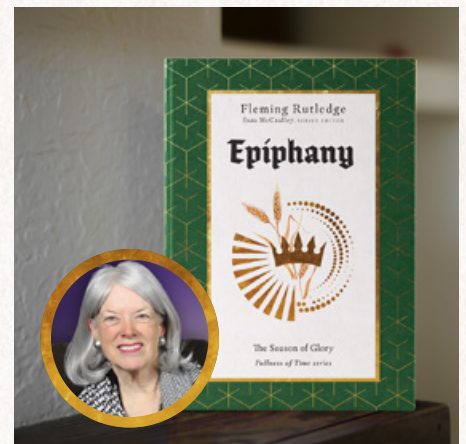

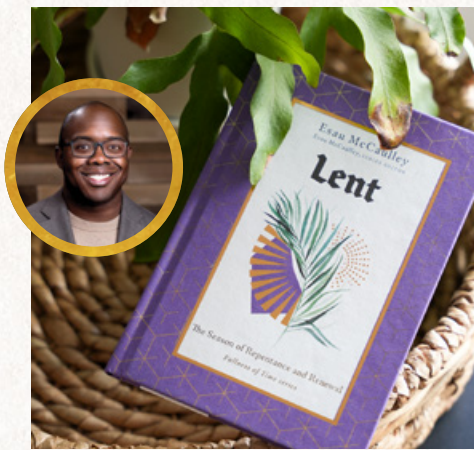

FLEMING RUTLEDGE is an Episcopal priest and a bestselling author. She was in full-time parish ministry for twenty-one years, fourteen of them at Grace Church in New York City. Her other books include *Advent: The Once and Future Coming of Jesus Christ* and *The Crucifixion: Understanding the Death of Jesus Christ* (winner of Christianity Today’s 2017 Book of the Year Award).

An Introduction to the Church Calendar

The church year has been forming the faithful in the Christian story since the church's early days. The Fullness of Time series invites readers to explore the riches of the church year, guided by some of our finest church theologians. Each volume introduces the traditions, prayers, Scriptures, and rituals of a season of the church—not as an academic exercise but as reflections on the theological and spiritual treasures of the church calendar.

The seasons of the church invite us to enact, over and over again, the gospel story. The Fullness of Time series promises to open up that story afresh to individuals, families, and churches alike seeking a deeper walk with Jesus.

NOW I LAY ME DOWN TO FIGHT

A POET WRITES HER WAY THROUGH CANCER

In stirring verse and essays, Katy Bowser Hutson chronicles her battle with breast cancer and the complications of faith amid such a fight. Accentuated by the art of Jodi Hays, Katy's words lead us through the realization of cancer, the experience of chemotherapy and a mastectomy, relentless rounds of radiation, the uncertainty of ongoing treatment, and what comes after survival. She writes in resistance to sickness, of wrestling toward beauty:

Cancer is an overgrowth, a kudzu: Tangling and strangling legitimate life.

Chemo is a killing, a burning out:

*Burning down to ashy carbon, indiscriminately
But cancer, did you know that I am a poet?*

Through it all, she shows what it means to struggle in a battered body and to pray to a God who is near to the broken. Join her in this consideration of mortality and witness her persisting trust in God's unseen ways.

"The poems in Now I Lay Me Down to Fight are luminous, honest, heartbreaking, and at moments even funny. They are at once defiant yet surrendered, buoyant yet profound, faithful yet never trite. . . . Katy Hutson has descended into the darkness of cancer and there wrought beauty, goodness, wisdom, and even abundance."

TISH HARRISON WARREN, Anglican priest and author of *Prayer in the Night*

"This book is a scarred gift, an unsentimental balm for the wounded, an illumination for us all."

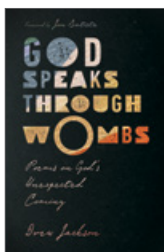

ABRAM VAN ENGEN, Washington University

"Writing from within the very heart of pain, exhaustion, and a search for meaning, Katy Bowser Hutson lays open her questioning heart in a way that a reader will want to join her in negotiating with God for survival and relief. This is profitable reading for those of us who want to do business with the God of salvation and healing."

RETHINKING THE POLICE
 AN OFFICER'S CONFESSION AND THE PATHWAY TO REFORM

Daniel Reinhardt spent twenty-four years as a police officer near Cleveland, Ohio. He was long unaware of the ways the culture of the police department was shaping him, but gradually, through his own experiences as a police officer and through the mentorship of Black Christians in his life, his eyes were opened to a difficult truth: police brutality against racial minorities was endemic to the culture of the system itself.

In *Rethinking the Police*, Reinhardt lays out a history of policing in the United States, showing how it developed a culture of dehumanization, systemic racism, and brutality. But Reinhardt doesn't stop there: he offers a new model of policing based not in dominance and control but in a culture of servant leadership, with concrete suggestions for procedural justice and community policing.

Our society has long been stuck in cultural and ideological battles about police brutality and the police force's broken relationship with our communities. *Rethinking the Police* promises to start a more hopeful conversation.

"Daniel Reinhardt speaks not as an outsider but as an insider who served as a police officer for twenty-four years, retiring as a lieutenant. With vulnerability, storytelling, and invaluable research, Reinhardt offers a thoughtful critique addressing attitudes and practices that contribute to a negative police culture within the United States."

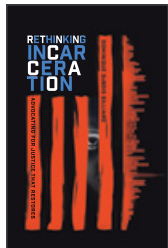

JAMAAL WILLIAMS, lead pastor of Sojourn Church Midtown and president of the Harbor Network

"Reinhardt speaks with the heart of a Christian leader, the experience of a retired law-enforcement officer, and the wisdom of a scholar. He not only recognizes real problems in police culture but also provides hope for a better way. Readers are not likely to agree with all of his conclusions, but his analysis of the problems is compelling and the uniqueness of his solution is challenging."

THE PRACTICE OF REMEMBERING UNCOVERING THE PLACE OF MEMORIES IN OUR SPIRITUAL LIFE

What if our memories are like shells we gather on a beach?

According to pastor and spiritual director Casey Tygrett, “We—and all those who have come before us—pick up the experience and we sense it: we feel its edges, notice its color, we smell the distinctive character (for shells it is the sickly seafood salt smell) of the experience, and we try to make sense of what it is. Is it beautiful? How would you describe the color—the tones, the shades, wrapped around the ridges and swirls? Has it been damaged? Does the hard edge scrape our hand, leaving a blemish or a mark?”

How we hold and carry these memories—good and bad—is a part of what forms us spiritually. In this way we have a common bond with the people of Scripture who also had a sensory life, gathering shells and trying to make sense of them. Previously titled *As I Recall*, Casey Tygrett’s writing in *The Practice of Remembering* explores the power of memory and offers biblical texts and practices to guide us in bringing our memories to God for spiritual transformation.

“If you’ve ever wondered where wonderment comes from, thought about where thoughts are born, or wished you could forget a painful memory, then Casey Tygrett’s *The Practice of Remembering* is a must-read.”

MATTHEW SLEETH, executive director of Blessed Earth

“Casey Tygrett’s *The Practice of Remembering* is an exquisite meditation on the role of memory in our formation.”

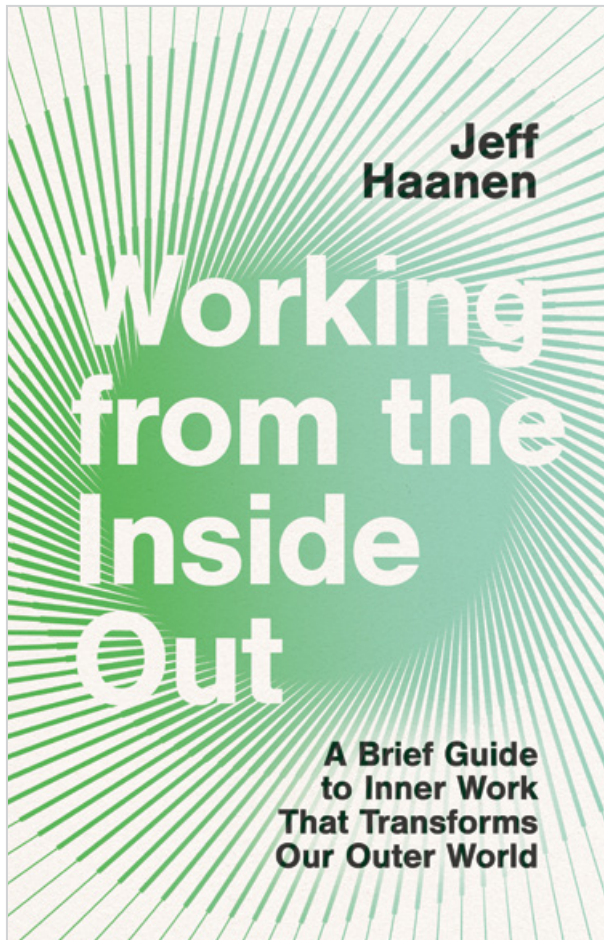

C. CHRISTOPHER SMITH, senior editor of The Englewood Review of Books

“*The Practice of Remembering* does something no other book I have seen dares to do. . . . This beautifully written, honest book is full of much-needed wisdom. Prepare to be changed.”

WORKING FROM THE INSIDE OUT

A BRIEF GUIDE TO INNER WORK THAT TRANSFORMS OUR OUTER WORLD

Many today are experiencing social isolation, deep anxieties about the future, and various difficulties in the workplace. For too many of us, work seems tedious, painful, or meaningless. And we don't know what to do about it.

Working from the Inside Out pulls back the veil on the deep emotional and vocational challenges faced by the majority of workers and shows how work can become a way to love God, serve our neighbors, and demonstrate the gospel to the world. Bringing together emotional, relational, vocational, intellectual, and civic health through the seamless thread of vocation, Jeff Haanen offers a way out of the disintegration of our culture and toward a reintegrated life lived in response to God's voice.

The inner work of transformation leads to external transformation of our relationships and our work, and that good work influences our cities and the culture around us. Living from the inside out can change our work and heal our world.

.....
"Jeff Haanen invites both an elevated imagination and a grounded application of a practical theology for work and the human condition. . . . I wish I had read this twenty years ago!"

MIKE SHARROW, CEO of C12 Business Forums

LIGHT OF THE WORD

HOW KNOWING THE HISTORY OF THE BIBLE ILLUMINATES OUR FAITH

While Christians generally acknowledge that the Bible is God’s Word, many of us lack robust confidence in the reality of its trustworthiness. We may not be sure if we really believe what we read. But the more we understand how Scripture came to be, the more we discover its power and truth.

Historian Susan Lim unpacks how the history of the Bible bolsters our faith and anchors us through the changing tides of time. The story of Scripture, while messy and complicated at times, is also the story of how God shepherded his people throughout the centuries in and through these writings. Lim explains how Christians came to accept certain documents as inspired and not others and how the books we now call the Bible came to be assembled and canonized as authoritative. The same Spirit of God who oversaw the writing of Scripture continues to be at work actively in us in our receiving and reading of it, to grow us in faith and maturity.

Those of us who confess that Jesus is Lord can also confess with confidence that Scripture is God’s Word. As the church through the ages has received and passed down the sacred Scriptures, so, too, can we receive for ourselves the living Word that God still speaks through today.

.....
“Looking at the Bible through the historical lens, Susan substantiates over and over again that all Scripture is indeed God-breathed. This book will be high on my recommended reading list.”

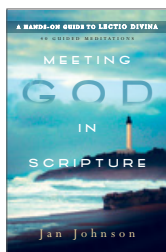

BRIAN BRODERSEN, pastor of Calvary Chapel Costa Mesa

“Susan Lim gifts us with an accessible, rich, and personal account of discovering (or rediscovering!) the truth that the Bible is in fact the Word of God. Read, learn, and recommit yourself to saturating yourself in Scripture!”

FAITHFUL WORK

IN THE DAILY GRIND WITH GOD AND FOR OTHERS

One-third of our waking lives is spent at work. Work is where we make culture and come into contact with our world. Work is central to God’s mission to redeem souls, systems, and structures. And God works through our work to bring hope to the brokenness and fallenness of our surrounding culture.

The gospel of Jesus Christ is good news for the world, and that includes the transformation of our ordinary work into a sacred calling. Ross Chapman and Ryan Tafilowski show how work is a way to love God, serve our neighbors, and demonstrate the gospel. With a broader understanding of God’s work in the world, we are able to engage our daily work as part of how God makes all things new.

This guide invites you to reflect on the meaning and purpose of your life’s work and to transform your work into service to those around you.

THE WOOD BETWEEN THE WORLDS

A POETIC THEOLOGY OF THE CROSS

Everything about the gospel message leads to the cross, and proceeds *from* the cross. In fact, within the narrative of Scripture, the crucifixion of Jesus is literally the crux of the story—the axis upon which the biblical story turns. But it would be a mistake to think we could sum up the significance of the crucifixion in a tidy sentence or two. That kind of thinking only insulates us from the magnificence of what God has done. In our ongoing quest to make meaning of the cross, we need to recognize that this conversation will *never* conclude—that there is always something more to be said.

Brian Zahnd reminds us that the meaning of the cross is multifaceted and should touch every aspect of our lives. Just as gazing through the eyepiece of a kaleidoscope reveals a new geometric image with every turn, Zahnd helps us see that there are infinite ways to behold the cross of Christ as the beautiful form that saves the world. *The Wood Between the Worlds* is an invitation to encounter the cross of Christ anew.

BRIAN ZAHND is the founder and lead pastor of Word of Life Church in St. Joseph, Missouri. Known for his theologically informed preaching and his embrace of the deep and long history of the church, Zahnd provides a forum for pastors to engage with leading theologians and is a frequent conference speaker. A NON-ANXIOUS LIFE

EXPERIENCING THE PEACE OF GOD'S PRESENCE

Do you, like so many of us, see anxiety as an incentive to perform? Or a proof of how much you care? Or is anxiety simply an unwelcome shadow over your days, bringing with it clenched teeth and an upset stomach?

Anxiety leads us to succumb to fear and fight peace. Anxious living is a distortion of good motives, blocking the clarity of stillness and rest.

Alan Fadling has also felt mastered by worry, but he brings counsel on how to learn a better way and who to look to for it: Jesus, "the ultimate non-anxious presence." He constructs a posture from which we can rest more deeply, live more fully, and lead better. Fixing our minds on grace and eternity, we can begin to see the benefit of loosening our grip and operating from a sure foundation. Join Alan in releasing anxiety and taking up authentic love in *A Non-Anxious Life*.

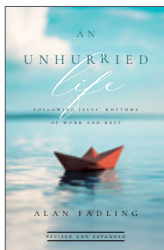

ALAN FADLING is president and founder of Unhurried Living in Mission Viejo, California, inspiring people to rest deeper, live fuller, and lead better. AN UNHURRIED LEADER

THE LASTING FRUIT OF DAILY INFLUENCE

We are meant to experience joy in our work. But many of us struggle to find a sense of purpose or satisfaction in our daily grind. Is it possible for us to truly flourish in our work?

Business executive Shundrawn Thomas reveals how work is intended to produce lasting value and should be meaningful and productive. A healthy attitude toward work and the workplace requires intentionality and effort. Thomas helps us to a greater understanding of our abilities and passions, which in turn will help us develop into the people we are meant to be. He addresses issues of work ethic, character formation, and work-life synergy to find better alignment between what we do and who we are.

"As my own leadership responsibilities have significantly increased in recent years, I can only say 'many thanks!' to Alan for offering such a timely, rooted, and integrated vision of the very real possibilities that exist for leaders who choose an unhurried life. It's all true! And it's an ongoing pursuit, which is why his book is so helpful."

MINDY CALIGUIRE, founder, Soul Care

"In An Unhurried Leader, Fadling uses the Bible to unpack the wisdom of choosing to be led by Jesus as we lead others, so that our pace, ways, and results align with God's will. This is a book I highly recommend to everyone who is intentional about joining God at work and working God's way."

JEAN PAUL NDAGIJIMANA, corporate chaplain,

"The results of unloving, anxious, fear-based Christian leadership are now all around us, as seen in the culture-wide rejection of church. In An Unhurried Leader, Alan Fadling points the way out of hurried leadership that kills the souls of leaders. He reveals leadership steeped in spiritual abundance and joy."

HOPE AIN'T A HUSTLE
 PERSEVERING BY FAITH IN A WEARYING WORLD

Sometimes hope can feel like a scam—a swindle, a hustle. You thought it was real, and you bought into it. But then the tables turn, and you feel like you’ve been hustled—like you’ve been had.

As Christians, we often respond to the brokenness of life as if we do not actually have hope—as if the promises of God are not really certain. But Pastor Irwyn Ince assures us that not only do we have hope, but that hope cannot disappoint us because it is validated by God himself. *Hope Ain't a Hustle* is a clear and accessible exploration of the epistle to the Hebrews, urging us to place our confidence in the finished work of our great high priest, Jesus Christ, and showing how that confidence changes the way we live in the here and now.

It’s not that Christians don’t face grief or anger, disappointment or deep sorrow. It’s that we don’t face them as those “who have no hope.”

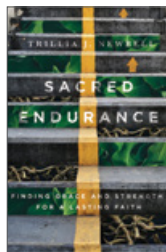

IRWYN INCE is the coordinator of Mission to North America, part of the Presbyterian Church in America (PCA). Formerly, he was a pastor at Grace DC Presbyterian Church. He is also the author of *The Beautiful Community*. He and his wife, Kim, have been married for thirty-two years and have four children and two grandchildren.

CHURCH FOR EVERYONE

BUILDING A MULTI-INCLUSIVE COMMUNITY FOR EMERGING GENERATIONS

Emerging generations in the West are more diverse than ever—ethnically, socioeconomically, educationally, and politically. And as church attendance among younger generations declines rapidly, research shows that one of their primary sticking points is the lack of diversity in most churches.

In *Church for Everyone*, pastors Dan Kreiss and Efrem Smith address this phenomenon head-on. In this research-based, theologically informed, and practical book, they explore the younger generations' expectations and disappointments with church and hold out a vision for true diversity taken from the pages of Scripture. As experienced church leaders themselves, Kreiss and Smith share a wealth of practical experience and stories from the trenches of multiethnic ministry.

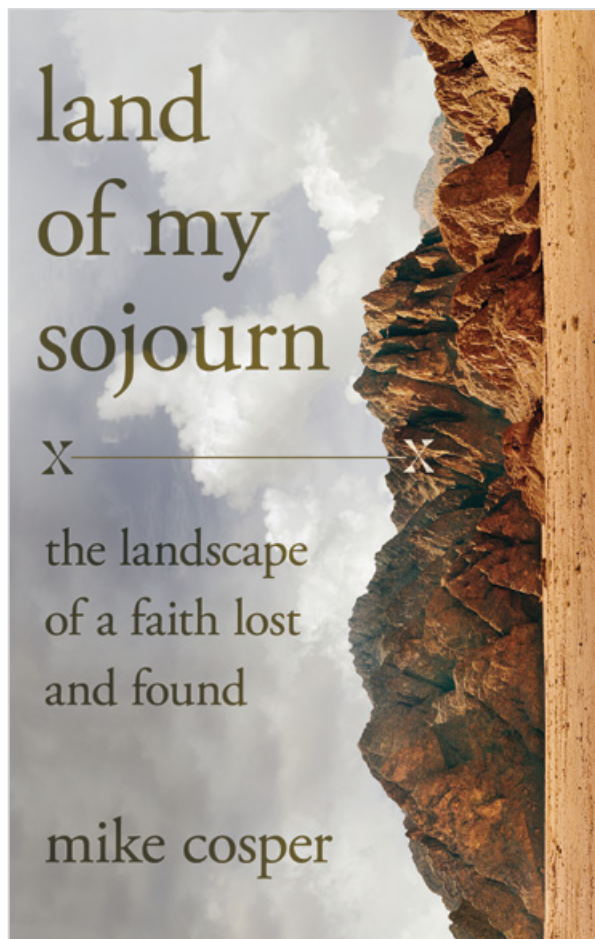

The good news is that God has already called the church to diversity. As we seek to live out this calling in our own local contexts, we can become the demonstration of God's love for all humanity that he has designed the church to be—and that the younger generation is so desperately looking for.

DAN KREISS is the associate minister for mission and community outreach at Roswell Presbyterian Church in the greater Atlanta area. He was previously professor of youth ministry and dean of the School of Missions at King University.

EFREM SMITH is the colead pastor of Midtown Church, a thriving multiethnic community in Sacramento, California. His books include *Raising Up Young Heroes* and *The Post-Black and Post-White Church*.

LAND OF MY SOJOURN

THE LANDSCAPE OF A FAITH LOST AND FOUND

In the years since leaving local church ministry, Mike Cospers devoted an enormous amount of time and resources to examining the church's often troubled witness, its ongoing crisis of leadership, and the epidemic of narcissism, abuse, and cover-up that has continued to emerge year after year. This book is about his journey both before and undergirding that work—the shattering of dreams and the grace that restored a broken faith in the aftermath. It's a story about grace leading him home when he thought all was lost.

Taken together, his encounters with Peter, Elijah, and Jesus connected to indelible images from his time in Israel and formed a new spiritual landscape in his mind, one with enough gravity to draw his feet back to solid ground. His hope is that as he tells this story you might find echoes of your own. If you're in the wilderness, you might find that though the territory is a mystery, you are far from alone.

MIKE COSPER is the director of podcasting for Christianity Today, where he hosts *The Rise and Fall of Mars Hill* and *Cultivated*. Mike also served as one of the founding pastors at Sojourn Church in Louisville, Kentucky, from which he launched Sojourn Music, a collective of musicians writing songs for the church. HOW TO USE THE BOOK OF COMMON PRAYER

A GUIDE TO THE ANGLICAN LITURGY

In recent years there has been a revival of interest in the Book of Common Prayer, especially the classic 1662 version. Beloved for its language and theology, the classic Prayer Book is the fountainhead for almost all later editions of the Book of Common Prayer and remains a widely recognized standard for worship in the Anglican tradition. More than simply a collection of prayers, the Book of Common Prayer offers a transformative engagement with the Bible and a framework for our spiritual lives.

In *How to Use the Book of Common Prayer*, Samuel Bray and Drew Keane (editors of *The 1662 Book of Common Prayer: International Edition*) introduce the classic Prayer Book to newcomers. Beginning with a brief history and case for liturgical prayer, they walk through daily morning and evening prayer, baptism and Communion, the church year, and the Prayer Book's plan for reading the Bible. This is not only an introduction to the Prayer Book—it's a guide to letting it form your faith.

SAMUEL L. BRAY is the John N. Matthews Professor of Law at the University of Notre Dame as well as a McDonald Distinguished Fellow at the Center for the Study of Law and Religion at Emory University.

HUMILITY ILLUMINATED

THE BIBLICAL PATH BACK TO CHRISTIAN CHARACTER

New Testament scholar Dennis R. Edwards illuminates humility as a, if not *the*, distinctive identity marker of followers of Jesus. Tracing the theme throughout Scripture, he demonstrates how true humility is grounded in submission to God and becomes manifest in all areas of life.

As we learn from and honor the humble instead of the power-hungry, humility paradoxically empowers God's people—including those who are often marginalized. Filled with stories from the author's ministry experience, *Humility Illuminated* addresses common areas of leadership failure and how to avoid them, applies biblical texts on humility to multiethnic ministry and justice work, and issues a compelling challenge to the church.

.....

"[T]his wonderful book—by someone who embodies its subject—offers a window into the multifaceted Christian identity marker of humility before God and others, throwing back the shutters of distortion and misunderstanding. Well-researched, wise, and highly readable, this is a timely book for all Christians in an age of competition, self-promotion, and division."

MICHAEL J. GORMAN, Raymond E. Brown Professor of Biblical Studies and Theology at St. Mary's Seminary & University in Baltimore, Maryland

"In providing a careful exploration of the complexities of humility, Edwards gives his readers a grounded trajectory to follow that is both fresh and robust, leading to faithful practice. Infused with astute biblical analysis and proficient pastoral experience, Edwards is a practitioner of humility who the church ought to follow."

ROSE LEE-NORMAN, executive pastor at Sanctuary Covenant Church in Minneapolis, Minnesota, and adjunct professor of reconciliation studies at Bethel University

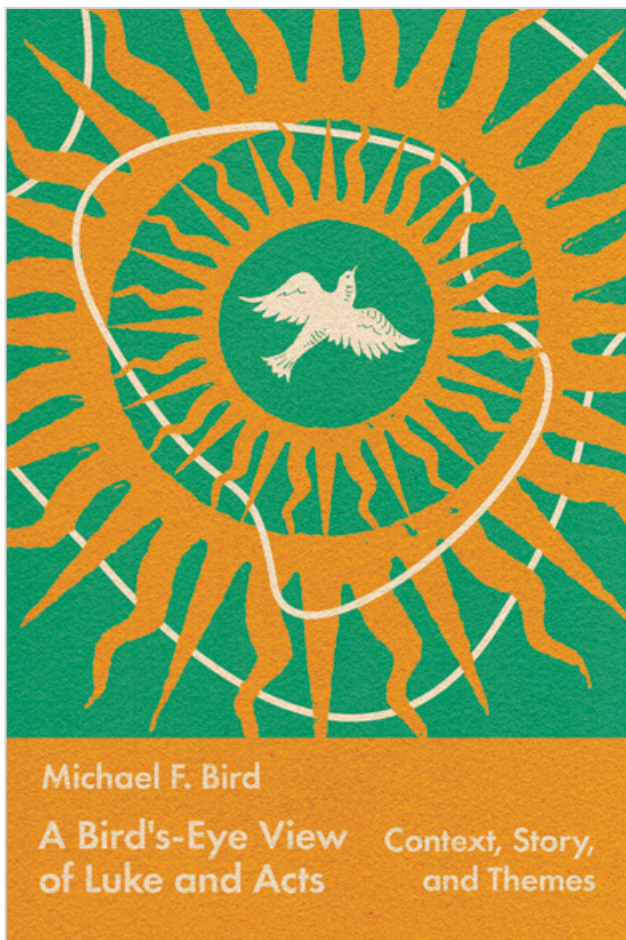

"In Humility Illuminated, Dennis R. Edwards challenges us to move beyond the trappings of church and live into the example of Jesus. This book serves as an invitation to let American competitiveness fall by the wayside as we embrace the humble posture of the marginalized among us. Sitting with these words reminds us that if Jesus is the way, the truth, and the life, humility is the safest path to godly community."

A BIRD'S-EYE VIEW OF LUKE AND ACTS

CONTEXT, STORY, AND THEMES

This accessible and compelling introduction draws us into the wide-ranging narrative of Luke-Acts to discover how Luke frames the life of Jesus and of the first disciples who set out from Jerusalem to “the ends of the earth” proclaiming the Good News. Bird shows us how these two books, when read together, tell a cohesive narrative about Jesus, the church, and the mission of God—with implications for the whole of our lives today. Situating both books in their historical and literary context, Bird moves through an exploration of their central theological themes and culminates with consideration of the books’ relevance for contemporary social issues.

“Mike Bird has opened the door wide to everyone wanting an entry into the world of Luke-Acts. Those reading Luke’s two-part narrative will find themselves enriched by the way Bird follows Luke’s story and attends to its themes. But he also follows the twists and turns of Lukan scholarship—discussing big ideas and principal controversies, as well as naming some key voices in contemporary study. What more could we ask for in an introduction to Luke-Acts?”

JOEL B. GREEN, Fuller Theological Seminary

“Michael Bird’s thoughtful, thorough, engaging, and accessible study of Luke-Acts should be a go-to source for all New Testament readers.”

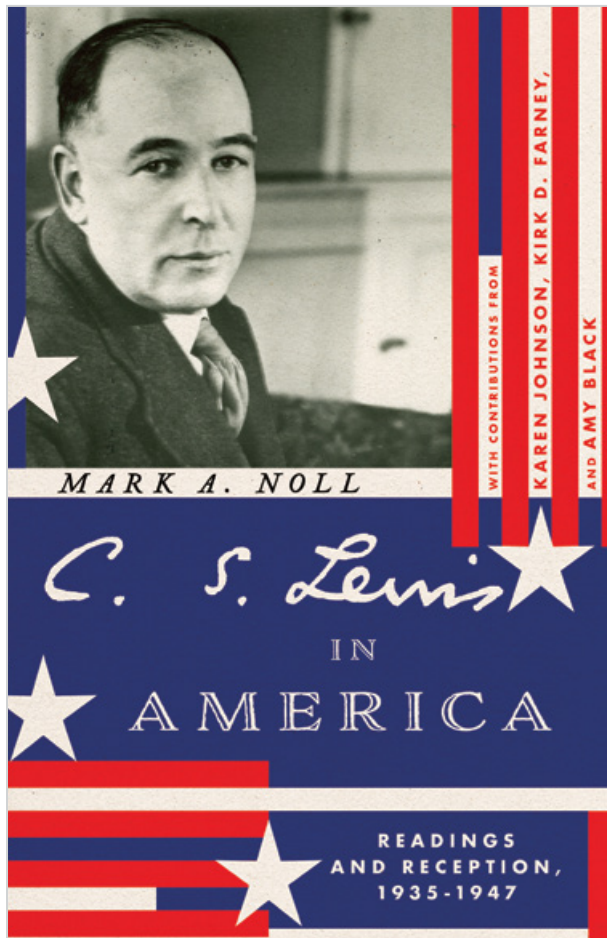

DENNIS R. EDWARDS, dean of North Park Theological Seminary and author of *Humility Illuminated*

“Michael Bird has the rare talent of communicating dense and often stodgy academic issues in an exuberant spirit and user-friendly fashion. . . He has provided a much-needed service to the urgent need of the church (laity and leadership) to know more intimately the Word of God.”

M. SYDNEY PARK, Beeson Divinity School

C. S. LEWIS IN AMERICA

READINGS AND RECEPTION, 1935-1947

Perhaps no other literary figure has transformed the American religious landscape in recent history as much as C. S. Lewis. Even before the international publication and incredible success of his fictional works such as *The Chronicles of Narnia* or apologetic works like *Mere Christianity*, Lewis was already being read “across the pond” in America. But *who* exactly was reading his work? And how was he received?

With fresh research and shrewd analysis, this volume by noted historian Mark A. Noll considers the surprising reception of Lewis among Roman Catholic, mainline Protestant, and evangelical readers to see how early readings of the Oxford don shaped his later influence.

“A fascinating snapshot and a cleverly oblique approach to the study of church history.”

MICHAEL WARD, University of Oxford

“In this prophetic and timely book, preeminent historian Mark A. Noll has uncovered the secret of Lewis’s success: he was deeply learned, theologically focused, and unusually creative. Noll himself brilliantly models how to embody these traits today.”

TIMOTHY LARSEN, Wheaton College

“An invaluable assessment of Lewis’s reception in the United States, offering important insights into both Lewis’s significance and the distinctives of the American religious mind.”

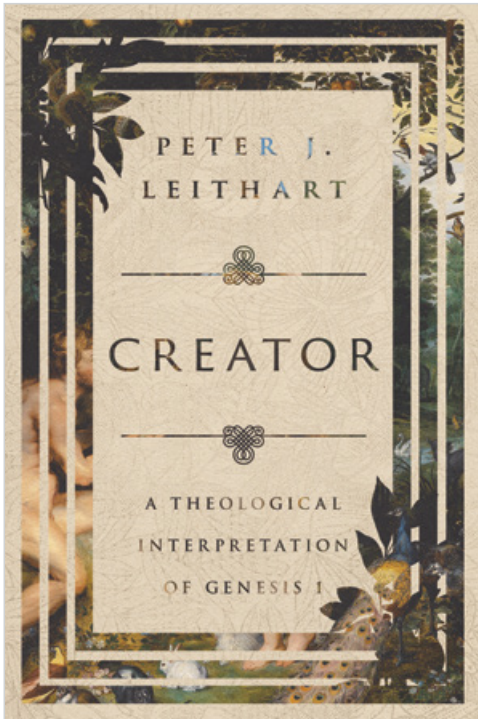

ALISTER McGRATH, University of Oxford

“With faithful respect for the particulars, [Noll] writes as Georges Seurat painted—he applies each researched point, after point, to the canvas of his manuscript. What emerges is a masterpiece, unambiguous. The picture is clear. Noll convinces. All who read this book will understand, with good reason, the American fascination with C. S. Lewis.”

JERRY ROOT, Wheaton College

CREATOR

A THEOLOGICAL INTERPRETATION OF GENESIS 1

The Christian claim that the triune God is the creator of the universe is both exegetically grounded and theologically rich. Yet discussions about God's work of creation are often overwhelmed by questions such as the age of the earth and the relationship between divine creation and evolution. Without completely ignoring such issues, Peter Leithart offers a decidedly *theological* interpretation of the creation account from Genesis 1.

By engaging with classic discussions of creation, Leithart embraces the challenge of talking about God and God's first work. Here, readers will discover what it means to articulate a theology that is rigorously grounded in the first chapter of the Bible and the creedal affirmation of God the Father almighty, who is the Creator of the heavens and earth.

DEMYSIFYING EVIL

A BIBLICAL AND PERSONAL EXPLORATION

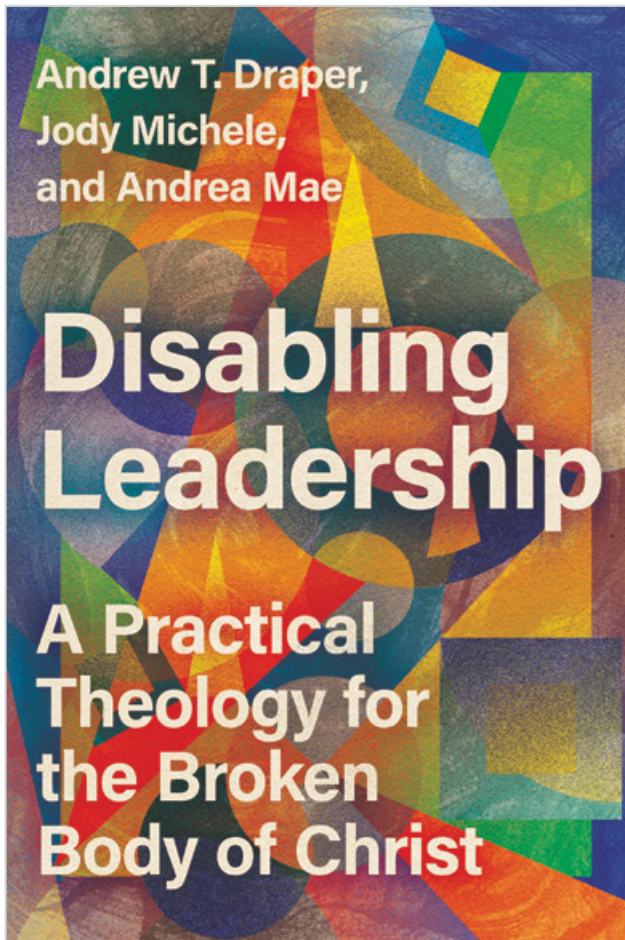

How can we understand God's work in a world permeated with evil?

Narrating her own wrestling with evil as well as engaging in biblical and philosophical analysis, biblical scholar Ingrid Faro explores the many dimensions to evil. Soberly honest, biblically engaged, and theologically nuanced, *Demystifying Evil* examines the power of evil to disrupt and fragment our lives and tempt us to collude with it.

But evil does not have the last word. Faro takes us on a journey into the book of Genesis, the Ancient Near East culture, the cross, and her own story of suffering to engage the undoing of evil.

INGRID FARO is coordinator of the MA in Old Testament program and visiting professor at Northern Seminary in Lisle, Illinois. DISABLING LEADERSHIP
 A PRACTICAL THEOLOGY FOR THE BROKEN BODY OF CHRIST

People with disabilities are often excluded from full participation in church communities. Accessibility is a key component of the biblical ministry of reconciliation—but it’s not enough. To truly work toward reconciliation, churches must both consider the theological implications of disability and also become places where people with disabilities *lead*.

Written by practitioners and a scholar-pastor who are engaged in ministry together, *Disabling Leadership* presents a practical theology of disability for thoughtful church leaders and congregants. This book moves beyond paternalistic views of disability that seek to extract “inspiration” from another’s story without engaging in the difficult work of just and dignifying relationships. When we foster genuinely inclusive leadership teams, the authors contend, our churches will be less likely to treat anyone as a “project” and will better reflect God’s love as the body of Christ.

.....
“While many books on disability and church focus on welcoming people with disabilities as participants, Disabling Leadership articulates a crucial and distinctively theological framework for welcoming their leadership as well. . . . A welcome addition to the disability theology conversation.”

BETHANY MCKINNEY FOX, author of
Disability and the Way of Jesus

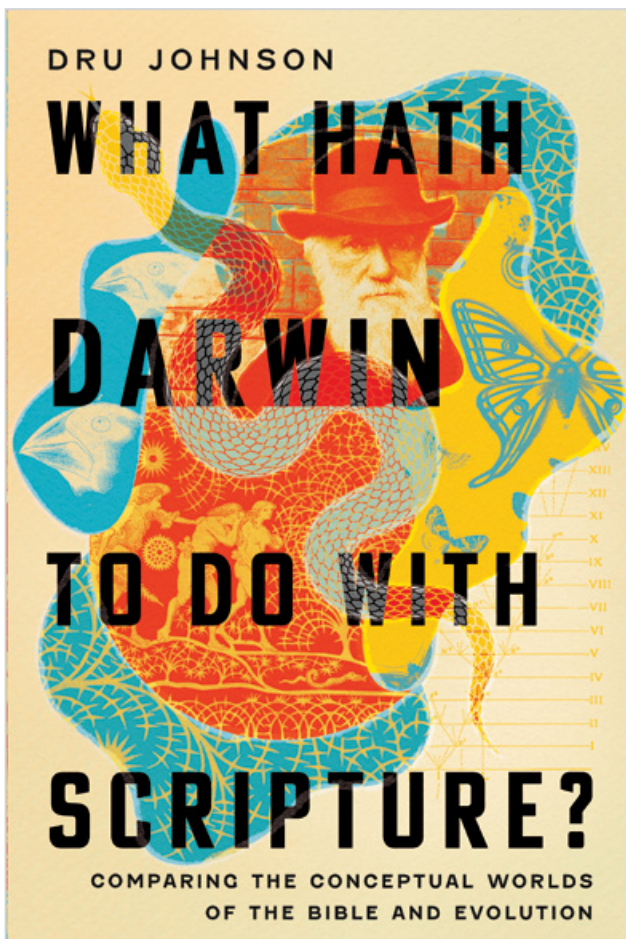

“This book shifts the goalpost: mere inclusion of disabled people is not what the church needs. What it needs—and needs desperately—is the leadership of differently abled members of Christ’s broken and gloriously resurrected body.”

BRIAN BROCK, professor of moral and practical theology
 at the University of Aberdeen

WHAT HATH DARWIN TO DO WITH SCRIPTURE?

COMPARING THE CONCEPTUAL WORLDS OF THE BIBLE AND EVOLUTION

Believe it or not, the book of Genesis might have been the most Darwinian text in the ancient world. And throughout the opening books of Scripture, we find ideas that would also become prominent insights of the biologist Charles Darwin interlaced with the Bible's one-of-a-kind origin story. Biblical scholar Dru Johnson calls us beyond typical creation-versus-evolution debates to explore the conceptual worlds underlying both Scripture and evolutionary science.

The Hebrew creation accounts, Johnson argues, weave together three key themes on the origins and development of humans and animals, themes that are also essentially Darwinian:

- the connection among *scarcity*, cooperation, and violence
- the *fitness* of creatures to their environments
- the *genealogical* aims of sexual reproduction

Can the ideas of Scripture and evolutionary science be mutually illuminating? When we enter deeply into the metaphysical imagination of the biblical authors, we discover surprising ways in which the two accounts converge—and conflict.

"In this highly readable and fascinating book, Dru Johnson offers readers an intriguing, imaginative, and eye-opening account that offers a window into two disparate worlds. . . while also showing them to be, in many ways, complementary to one another. What is especially laudable is Johnson's balanced approach that succeeds in being at once both cautious and creative."

ANDREW TORRANCE, University of St. Andrews

DRU JOHNSON directs the Center for Hebraic Thought and has been a research fellow at the Herzl Institute (Jerusalem), Logos Institute (St. Andrews), and Henry Center (Trinity Evangelical Divinity School). He is the author or editor of numerous books, including *Biblical Philosophy*, *Human Rites*, and *Knowledge by Ritual*. He is ordained as an EPC minister and is cohost of the *OnScript* podcast.

ANSWERING THE PSALMIST'S PERPLEXITY

NEW-COVENANT NEWNESS IN THE BOOK OF PSALMS

In this NSBT volume, James Hely Hutchinson mines the rich seams of the book of Psalms to evaluate the numerous models that seek to explain how the biblical covenants relate to each other. Hutchinson considers the perplexity expressed in that, in the face of the exile, the promises to David appear to be null and void. The solution lies with the first five books of the Bible. However, if the Abrahamic covenant is to reach fulfilment, the problem of sin must be dealt with, and a host of covenants must converge in their fulfilment under a new regime.

Identifying new-covenant newness as "eschatological satisfaction (fulfilment)" and "transcendent inauguration," Hutchinson tackles a range of matters that contribute to our understanding of the contours of redemptive tradition.

JAMES HELY HUTCHINSON is director of the Institut Biblique de Bruxelles in Belgium. He has also taught at several other training institutions in French-speaking Europe. He is a contributor to *The God of Covenant*, *Interpreting the Psalms*, and *Stirred by a Noble Theme*.

THE ARTISTIC SPHERE

THE ARTS IN NEO-CALVINIST PERSPECTIVE

While some Christians have embraced the relationship between faith and the arts, the Reformed has harbored reservations about the arts. However, among Reformed churches, the Neo-Calvinist tradition has consistently demonstrated a desire to engage with all manner of cultural and artistic expressions.

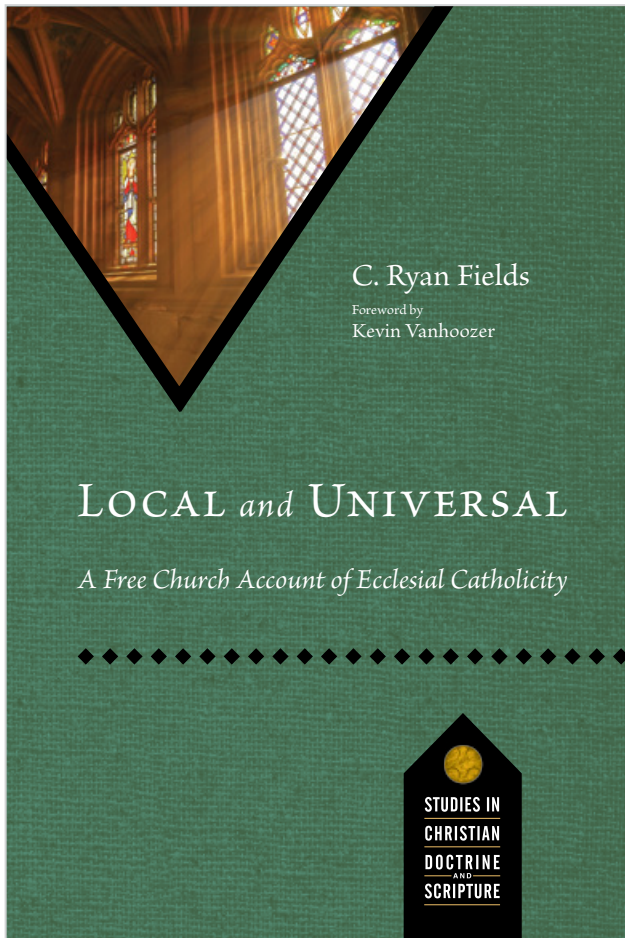

This volume, edited by art scholar Roger Henderson and Marleen Hengelaar-Rookmaaker, the daughter of art historian and cultural critic Hans Rookmaaker, brings together history, philosophy, and theology to consider the relationship between the arts and the Neo-Calvinist tradition. With affirmations including the Lordship of Christ, the cultural mandate, sphere sovereignty, and common grace, the Neo-Calvinist tradition is well-equipped to offer wisdom on the arts to the whole body of Christ.

ROGER D. HENDERSON studied philosophy at UC Berkeley before attending the Free University in Amsterdam. He has taught in both Iowa and the Netherlands and now lives in Berkeley, California.

MARLEEN HENGELAAR-ROOKMAAKER is the editor-in-chief of ArtWay. She edited the *Complete Works* of her father, art historian Hans Rookmaaker. She has published three books in Dutch as well as many articles about popular music, liturgy, and the visual arts.

LOCAL AND UNIVERSAL

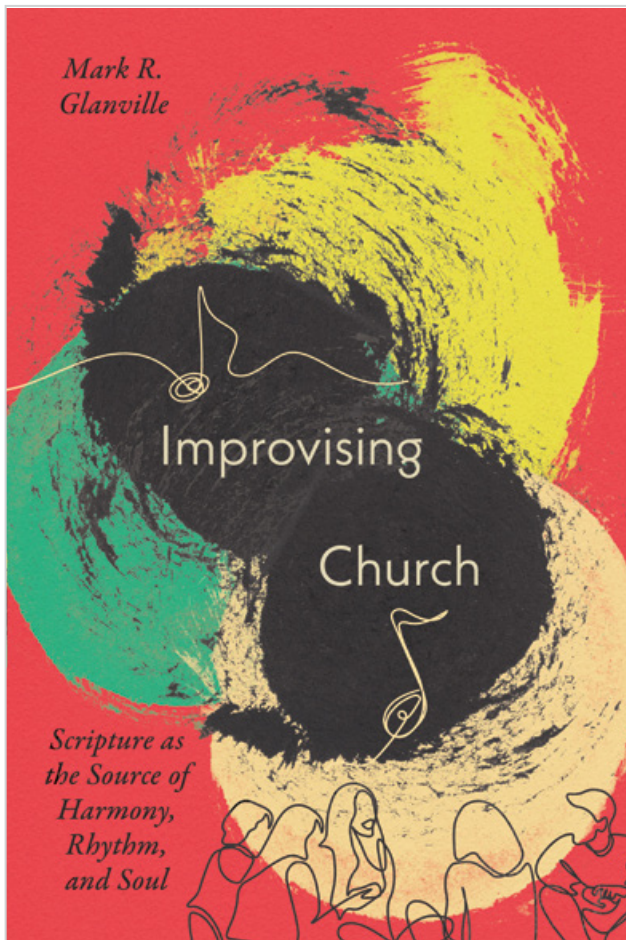

A FREE CHURCH ACCOUNT OF ECCLESIAL CATHOLICITY

In the words of the creeds, the church is the one, holy, catholic, and apostolic body of Christ.

Of those features, perhaps none is as misunderstood as the church's catholicity (that is, its universality)—because while the church is universal, it is also radically local, connected to a particular community or even found on a specific street corner. How might we reclaim the universality of the church without losing its local situatedness?

In this *Studies in Christian Doctrine and Scripture* volume, pastor and theologian C. Ryan Fields offers a surprising solution: he turns to the Free Church tradition, those churches that are historically separate or “free” from state oversight. Juxtaposing the Free Church with its Episcopal counterpart, he argues that far from neglecting the catholicity of the church, the Free Church tradition can helpfully inform our understanding of the one body of Christ while remaining true to its local roots.

C. RYAN FIELDS is senior pastor of Faith Evangelical Free Church in Acton, Massachusetts.

IMPROVISING CHURCH

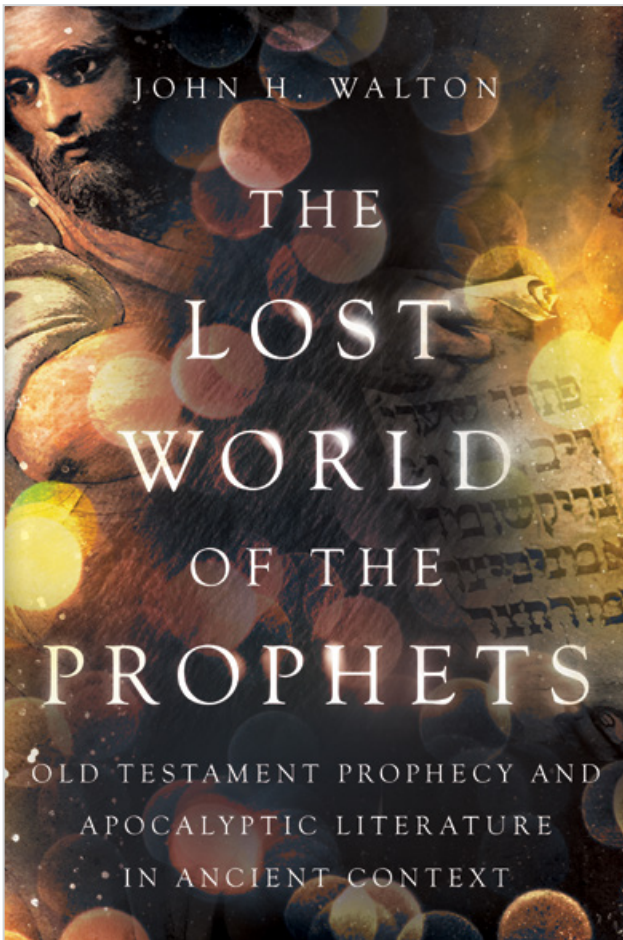

SCRIPTURE AS THE SOURCE OF HARMONY, RHYTHM, AND SOUL

Though the post-Christian cultural turn can be disconcerting, it is also a uniquely exciting time to reimagine churches. How do we move beyond cookie-cutter approaches to building the creative, compassionate, and incarnational churches we long for?

Biblical scholar and accomplished jazz pianist Mark Glanville plays with a metaphor of improvisation to chart twelve themes as the key “notes” on which Christian communities play as they bear witness to God in the world today. Building on these two dynamic traditions—jazz music and Christian community—*Improvising Church* unfolds a biblical, practical, and inventive vision for churches seeking to receive and extend the healing of Christ.

MARK R. GLANVILLE is associate professor of pastoral theology at Regent College, Vancouver, and an Old Testament scholar. He is the author of *Refuge Reimagined*, *Adopting the Stranger as Kindred in Deuteronomy*, and *Freed to Be God’s Family*.

THE LOST WORLD OF THE PROPHETS

OLD TESTAMENT PROPHECY AND APOCALYPTIC LITERATURE
IN ANCIENT CONTEXTS

It's common to study prophecy with a focus on the sole question of prediction and fulfillment, either for the sake of apologetics or for understanding the end times, but such an approach can fail to track with the original intent of the authors. We need to shake loose from paradigms of reading prophecy as an offer of mysterious divination as well as from the habit of constructing eschatological timelines of any sort.

John Walton applies his signature method to help us recover the lost world of the prophets. To read these biblical books well, we must understand the following:

- the role of the prophet
- the nature of prophetic literature
- the theological significance of prophecy
- how apocalyptic literature differs from prophecy

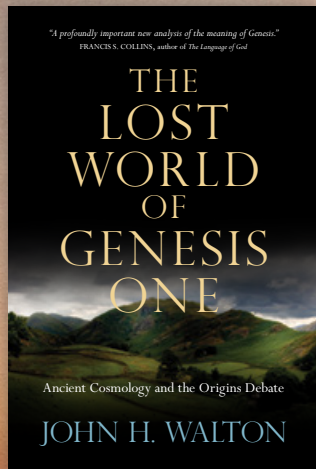

A fresh reading of the Old Testament text in light of the ancient Near Eastern context can open new avenues of awareness. Walton provides a clear, helpful guide to the nature of biblical prophecy and apocalyptic literature that will help readers avoid potential misuse and reclaim the message of the prophets for their lives.

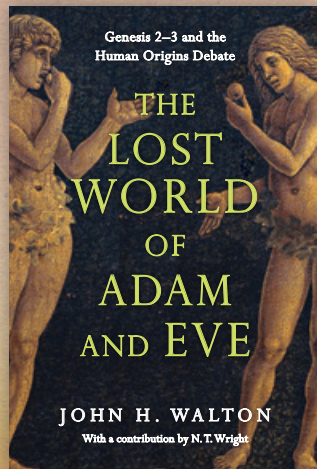

JOHN H. WALTON is professor of Old Testament, emeritus, at Wheaton College and Graduate School. His many books include *The Lost World of Genesis One* and *Wisdom for Faithful Reading*.

There are some historical or biblical issues that are inherently controversial—which is why they remain issues of debate. The books in the Lost World Series follow the pattern set by Bible scholar John H. Walton as they bring a fresh, close reading of the Hebrew text to an accessible discussion of the topic at hand.

Addressed through propositions that move the reader through a logical sequence of the principal points of discussion, these volumes are informed by knowledge of the ancient Near Eastern literature and cognitive environment and undergirded by a consistently applied hermeneutic. Authors seek to find God's authoritative message in the text represented in the communication as understood by the human source (speaker or writer) and his audience—working out the principle that the Bible is written *for* us but not *to* us.

THE 1662 BOOK OF COMMON PRAYER

INTERNATIONAL PEW EDITION

The Book of Common Prayer (1662) is one of the most beloved liturgical texts in the Christian church, and remains a definitive expression of Anglican identity today. It is still widely used around the world, in public worship and private devotion, and is revered for both its linguistic and theological virtues.

But the classic text of the 1662 prayer book presents several difficulties for contemporary users, especially those outside the Church of England. The *1662 Book of Common Prayer: International Edition* gently updates the text for contemporary use. Prayers specific to England are replaced. Obscure words and phrases have been modestly revised while still preserving the prayer book's own cadence. Finally, a selection of treasured prayers from later Anglican tradition is appended.

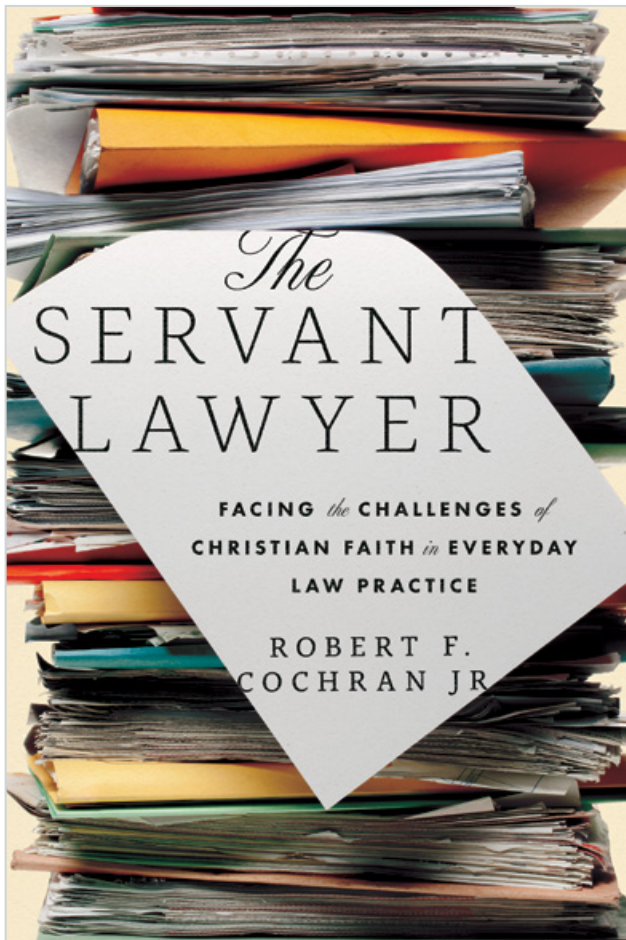

Here the *1662 Book of Common Prayer: International Edition* is presented in a pew format, with a larger trim size and larger typeface than the original, and with a durable cover and sturdy binding for regular use in corporate worship.

THE SERVANT LAWYER

FACING THE CHALLENGES OF CHRISTIAN FAITH IN EVERYDAY LAW PRACTICE

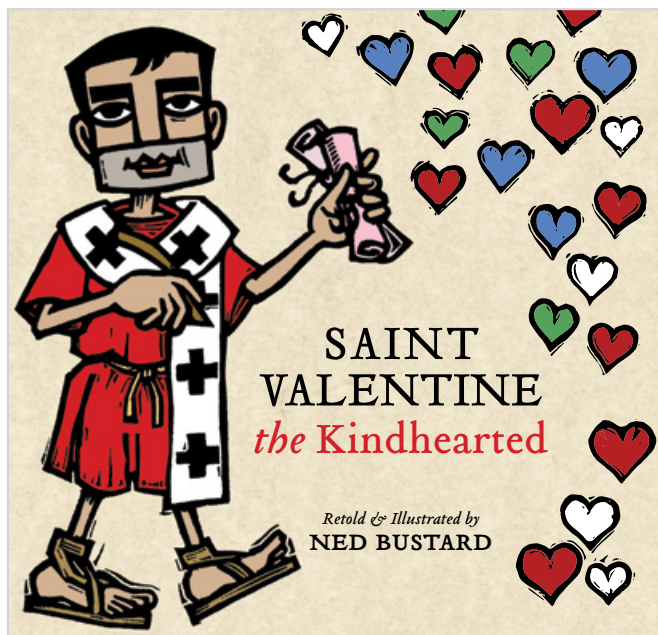

Most lawyers, from Wall Street to the county seat, spend their days drafting documents, negotiating with other attorneys, trying cases, researching the law, and counseling clients. How does this everyday law practice relate to Jesus' call to follow him in servanthood?

With decades of experience in the law office, courtroom, and classroom, Robert F. Cochran Jr. explores Jesus' call on lawyers to serve both individual clients and the common good. Cochran pulls back the curtain with stories from his own career and from the legal community to address a wide range of challenges posed by law practice, including counseling clients, planning trial tactics, navigating tensions with coworkers, and handling temptations toward cynicism and greed. This honest and accessible book

- shares wisdom from an experienced practitioner and master teacher
- addresses real-world situations and relationships experienced by most lawyers
- charts the way toward a truly Christian practice of everyday law

For students considering a career in law as well as for seasoned attorneys, *The Servant Lawyer* casts an encouraging vision for how lawyers can love and serve their neighbor in every facet of their work.
