As a leader, you may feel that you are navigating a cultural context you were not expecting. You may even feel that your training holds you back more often than it carries you along.

Drawing from his extensive experience as a pastor and consultant, Tod Bolsinger offers a combination

of illuminating insights and practical tools to help you reimagine what effective leadership looks like in our rapidly changing world. If you're going to scale the mountains of ministry, you need to leave behind canoes and find new navigational tools. Now expanded with a study guide, this book will set you on the right course to lead with confidence and courage.

**TOD BOLSINGER** is the vice president for vocation and formation and teaches practical theology at Fuller Theological Seminary. He has also served as senior pastor of San Clemente Presbyterian Church and associate pastor of First Presbyterian Church of Hollywood.
