20. Hindu Spiritual Life and Community
21. The Buddhist Sangha and Spiritual Pursuit

Epilogue: Whither Ecclesiology in the Third Millennium?

Revised & Expanded Ecclesiology Textbook

Why are there so many different expressions of church throughout time and space, and what ties them all together? Theologian Veli-Matti Kärkkäinen provides a wide-ranging survey of the rich field of ecclesiology in the midst of rapid developments and new horizons. Drawing on Kärkkäinen's international experience and comprehensive research on the church, this revised and expanded edition is thoroughly updated to incorporate recent literature and trends. This unique primer not only orients readers to biblical, historical, and contemporary ecclesiologies but also highlights contextual and global perspectives and includes an entirely new section on interfaith comparative theology. *An Introduction to Ecclesiology* surveys

- major theological traditions, including Eastern Orthodox, Roman Catholic, Reformed, and Pentecostal
- ecclesiological insights from Latin American, Africa, and Asia
- distinct perspectives from women, African Americans, and recent trends in the United States
- key elements of the church such as mission, governance, worship, and sacraments
- interreligious comparison with Jewish, Islamic, Hindu, and Buddhist communities

For students, pastors, and laypeople, this is an essential resource for understanding how the church can live out its calling as Christ's community on earth.

— □ —

"This expanded edition includes contributions from the Majority World and voices from the margins, which make it a truly ecumenical state-of-the-art introduction."

SIMON CHAN

editor of the *Asia Journal of Theology*, Singapore

"This completely revised and expanded edition is an ecclesiological tour de force. . . . as rich in depth as it is diverse in scope."

CHERYL M. PETERSON

Trinity Lutheran Seminary at Capital University
