What does it mean to know something? Epistemology, the study of knowledge, can often seem like a daunting subject. And yet few topics are more basic to human life. In this primer on epistemology, now in a second edition, James Dew and Mark Foreman provide an accessible entry into one of the most important disciplines within contemporary philosophy.

## Questions in Christian Philosophy Series

**How do we know? What should we do? What is real? What is art?** Philosophy, which means “the love of wisdom,” asks such questions in its pursuit of the knowledge and understanding of all facets of life: existence, knowledge, ethics, art, and more. But what does it mean for Christians to pursue wisdom when Scripture affirms that the crucified and risen Christ is “the wisdom of God” (1 Cor 1:24)? IVP Academic’s Questions in Christian Philosophy (QCP) series seeks to help readers in their pursuit of wisdom from a Christian perspective by offering introductory textbooks on the various branches of philosophy. Designed for students with little or no background in the discipline, this series draws on experts in the field and lays a solid foundation for further philosophical reflection in pursuit of divine wisdom.
