## COLD CIVIL WAR

*Overcoming Polarization, Discovering  
Unity, and Healing the Nation*

[View Cold Civil War](#)

America is experiencing extreme polarization and fragmentation that could split the country in two. How can we bring America back together before it's too late? Laying out a quadrant framework of understanding today's political climate, Jim Belcher reveals both why we're divided and how to move beyond the left-right stalemate toward a new vital center.

*"Belcher's work on our current state of affairs in cultural discourse, marked by hyperpartisanship, incivility, and political, social, and moral instability, contributes a needed perspective borne of clear, careful, and charitable thinking. It is reflective of deep thought and research that has obviously been ongoing for many years, and I'm certain it will spur further dialogue among scholars in the academy and citizens in the public square for years to come."*

“At a time when America’s body of Christ is as divided as our nation itself, the AND Campaign has presented a much-needed model for those who aspire to stay true to biblical principles—all of them!—in their civic engagement. Free of partisanship and cultural bias, this book provides a framework that, if adhered to, could lead to unity, healing, and perhaps even revival. Just in the nick of time, the AND Campaign has given us a gem, a light, a guide for how Bible believers can accurately represent Christ in a public square so desperately in need of our true and faithful witness.”

## ZERO HOUR AMERICA

and the Answer We Must Give*

**Os Guinness warns** that if America abandons its distinctive ideals and ideas, we will have carved into the chronicles of history yet another example of the failure of a free society. Outlining seven key foundation stones of freedom, Guinness lays out a pathway for defining and ordering freedom, righting national wrongs, and passing freedom's baton from generation to generation.

"Os Guinness is the Paul Revere for this generation, warning America to wake up before it's too late. With his keen insight and characteristic wisdom, Os diagnoses the root cause of the threats to our freedom and prescribes a look back and inward. In his helpful and engaging style, Os persuasively explains why knowing history and understanding virtue are prerequisites for the restoration of true freedom."

## THE LITURGY OF POLITICS

*Spiritual Formation for the Sake of Our Neighbor*

KAITLYN SCHIESS

“How should Christians vote? In the last several years, this question has become a dividing line in the church, polarizing the people of God into opposing camps and fracturing the Christian community along worldly fault lines. With wisdom beyond her years, [Kaitlyn Schiess](#) recognizes the folly of centering on this question and instead focuses on a better one: What sort of people are we being formed into? With biblical grounding, theological depth, and the spiritual urgency of a next-generation leader, Kaitlyn lays the groundwork for a better, more faithful approach to political engagement.”
